

Premium audio and power to go

BACKBEAT GO 2

Stay charged, stay moving. Once you experience the rich bass, crisp highs, and natural midtones, you'll want every minute the charging case offers so you can lose yourself in the soundtrack of your day. Whether you're sweating out the stress or swaying to the beat, the sweat-proof nano-coating protects earbuds against an intense workout or a coffee spill.

Wireless Earbuds + Case

Portable charging case

FEATURES

- Up to 4.5 hours listen/5 hours talk (earbuds); charging case provides up to a total of 10 hours power for earbuds recharging.
- Press the battery icon on the case and the LED blinks to show you the battery level of the case.
- Just 20 minutes connected to the charging case adds another hour of listen time.
- The P2i nano-coating protects the earbuds against sweat, moisture, and spills.
- Compact design easily slips into your pocket and tangle free cable keeps things simple.
- DeepSleep mode puts earbuds into hibernation when away from the phone, extending battery readiness up to six months.
- Three sizes of cushioned eartips and stabilizers make the fit custom and comfortable for active use and all day wearing.
- Inline controls make it easy to take calls, skip tracks, and adjust volume.
- Bluetooth® technology lets you connect to your smartphone or tablet for music, movies, and calls.
